

Deddy Car Fest 2019 Details

Deddy Car Fest is back for 2019 as part of the Deddington Festival. The Car Fest will take place on Sunday 9 June, with cars running from 11am through until 4.30pm. As usual there will be an eclectic mix of machinery available for your dream ride, as well as a varied display of static cars and motor bikes – together with some very special display cars from the Prodrive Collection. Coffee, BBQ fare and ice cream will be available throughout the day from our food court. The raffle will be again offering fantastic prizes from Renault F1, Kärcher and Swann Financial and others. Booked your car rides here www.deddycarfest.co.uk.

The Market Square and the top end of Hudson Street will be closed for the whole day from 9am, with all busses dropping off and picking up passengers on the High Street (outside and opposite Jocy's), as on Market Day. We would be grateful if all residents and business cars would vacate these areas by 8.00am to allow us to set up the area for the day.

Alternative parking will be available for residents, a letter detailing the arrangements to all affected residents and businesses will be delivered before the event.
