

Responses to Regulation 16 consultation, October 2023

During the Regulation 16 consultation on the Submission Deddington Neighbourhood Plan and the other documents listed below in the Regulation 15 consultation, 18 responses were received by Cherwell District Council (CDC). These can be found [here](#) on the CDC website

In August, CDC appointed an independent Examiner, John Slater, to consider our proposed Neighbourhood Plan and the attendant documents. Mr Slater sent us some initial questions concerning the Plan to Deddington Parish Council/Deddington Neighbourhood Plan steering group and to Christina Cherry, the relevant planning officer for CDC. Here are the Examiner's questions with our replies, three appendices setting out additional clarifications he requested, and a document containing two amendments to policies we made in light of the responses the Regulation 16 consultation.
